

# Summer Reading

2019

Upcoming Second Graders

To the parents of upcoming **SECOND GRADERS**:

The following is a list of suggested books for your child to read before the onset of school in the fall. There is no set number of books to read but, depending on the length of the book, one every week or 20 uninterrupted minutes a day would be a reasonable goal. There are different levels of readers entering second grade along with many different interest levels. You know your child better than anyone so please help your second grader choose books he or she will enjoy reading and books that will help with fluency. By maintaining an active literacy life over the summer, you ensure your child the best start to the next grade level!

All second grade selections are Accelerated Reader books. Students may take AR quizzes in the fall (optional).

- ☞ **Frog and Toad** series by Arnold Lobel
